Appropriate background checking shall be undertaken for any adult engaged by us in connection with an event or activity involving children, wherever this is required by law (see the relevant section above).

For certain types of events or activities, we may issue an additional code of conduct, policy, or some specific other requirements which is specific to that occasion. Any such additional documentation will be made available to all those concerned (staff members, parents, guardians etc.) in advance. They should be read carefully and adhered to.

Consent forms

We shall always obtain written consent from a parent or guardian for any event which takes place with children in attendance without their responsible parent or guardian present. Consent will be obtained via:

Via online consent form when booking or via a youth club or school consent form.

Consent forms will include emergency contact details and will set out any specific safety needs/requirements for children.

All consent forms will be kept secure and shall be stored in accordance with our data protection privacy policy.

Supervision

For most activities and events, our procedure for supervision of children is as follows:

For groups of children aged 9-12 years old 1 adult per 8 children. For youth aged 13+ years old 1 adult per 10 children.

Where we hold any events or activities whereby a child attends alongside their parent or guardian, parents and guardians should ensure that children are properly supervised.

Managing Behaviour of Children Generally

Whenever any adult engaged by us is faced with challenging or inappropriate behaviour from a child or with conflict between children, they must:

- treat each child fairly and equally
- approach the situation in a calm and neutral manner
- only ever use physical restraint/intervention in order to protect the immediate safety of a person, for example to prevent an injury or harm either to the child or others

- wherever it is justified to physically restrain a child or to physically intervene, the amount of force used should be kept to the absolute minimum taking into account the risk posed
- make a written record of the incident and ensure this is reported appropriately to the Safeguarding Officer

Further details regarding our procedures for managing behaviour can be located in our behaviour policy:

In our staff manual and within the staff office.

Managing Risks Posed by Other Children

It is important for all adults engaged by us to recognise that children can face harm from their peers. This can commonly take the form of bullying. Bullying can be defined as any behaviour which is:

- repeated; and
- has the intention of hurting somebody either physically or emotionally.

Bullying can sometimes be motivated by prejudices based on certain groups, for example gender, race, religion or sexual orientation. Bullying can often include:

- physical harm perpetrated against another child
- name calling and threats
- cyberbullying (threats and abusive comments made via technology)

Any instance of bullying or concern relating to possible bullying between children at any event or activities arranged by us will usually be dealt with by us in the first instance as follows:

All children and relevant staff shall be spoken to individually to ascertain the facts. Where appropriate, children will receive a first warning and relevant support.

Where any behaviour amounting to bullying continues following this, the following steps will be taken:

The children who have been found responsible for persistent behaviour which amounts to bullying will be banned from the premises.

All steps in relation to the prevention or management of bullying should be taken in consultation with the Safeguarding Officer.

Photography

On some occasions, we may take photographs featuring children. We recognise that photography of children carries risks, such as:

- the potential for images to be re-used, shared or adapted in a damaging or inappropriate manner
- the general risk of sharing images and the impact this could have on child's public image as they grow older

In view of these risks, we will:

- always ask for written permission from a child and their parent/guardian before taking and sharing any image of them
- always ensure that a child and their parent/guardian are properly informed how an image will be used and shared
- always ensure that a child's identity is protected as far as is possible within any published material
- ask that parents, guardians, children and any other person connected to them who may wish to share any of our published images which features other children to refrain from doing so unless they have the permission of the other children and their parent/guardian
- always store photos in accordance with our data protection policy.

We ask that any members of the public attending our premises, events or activities do not take photographs.
